

Wine Profile

Jackson Triggs Gold Series 2009 Chardonnay VQA Okanagan Valley

Harvest

The grapes for the NEW Jackson Triggs 2009 Gold Series Chardonnay were harvested on September 21st and October 2nd from Bear Cub and Thomas Ranch Vineyards at 23.5° Brix.

Winemaking

Our NEW Jackson Triggs Gold Series celebrates the artistry of winemaker Derek Kontkane to create unsurpassed wines with the depth and diversity of his experience. Derek's signature is on every bottle of this rare wine. Derek crafts small lots of our Gold Series wines from special vineyards, and through the art of blending, he is able to create wines that promise exceptional quality, and great value in the \$20+ price point.

This vintage underwent partial malolactic fermentation and then was aged for up to eight months in both French (60%) and American (40%) oak.

Winemaker's Notes

The New 2009 Gold Series Chardonnay displays lovely aromas of vanilla and tropical fruits. The luminous gold coloured wine is beautifully structured with a buttery and creamy textured, flavourful finish.

Food Pairings

This elegant wine is perfect when paired with broiled lobster in butter, Chilean sea bass, fresh salmon, saffron mussels and pork tenderloin and will also pair well with rich creamy pastas and fresh salads.
